The Civic by Honda underwent a significant redesign for 2006. Now it offers new dimensions and improved safety and efficiency, going further than any Civic before. The new car is wider and lower, providing a sleek, futuristic look and improved ride quality, handling, and packaging efficiency. The Honda Civic GX was the only car factory-built to run on compressed natural gas (CNG) in the U.S. available to non-fleet customers. The GX was based on the Honda Civic and available for fleet sales in all 50 states in the US. It was previously available for retail sales in four states (California, New York, Utah and Oklahoma), but later was made available to retail consumers in 35 states ...2010 Honda Civic price range, seller's blue book values, buyer's price, listings near you, consumer reviews, and more.
