

Download A Barefoot Doctors Manual English And Chinese Edition

Barefoot doctors (Chinese: 赤脚医生; pinyin: chìjiǎo yīshēng) are farmers who received minimal basic medical and paramedical training and worked in rural villages in China. Their purpose was to bring health care to rural areas where urban-trained doctors would not settle. They promoted basic hygiene, preventive healthcare, and family planning and treated common illnesses. Dear Twitpic Community - thank you for all the wonderful photos you have taken over the years. We have now placed Twitpic in an archived state. Verb []. doctor (third-person singular simple present doctors, present participle doctoring, simple past and past participle doctored) To act as a medical doctor to Her children doctored her back to health.
