

Download Math 4th Grade Feet Conversion

Note from Mrs. Renz: My hope is that my students love math as much as I do! Play, learn, and enjoy math . as you browse through this collection of my favorite third grade through high school math sites on the web. Customary unit conversion practice for distance (inches to feet), volume (ounces to gallons) and mass (ounces to pounds). These worksheets also employ unity fractions to convert unit values from one measurement to another. This approach is more common in chemistry, physics or other science classes and requires students to focus on cancelling units to reach a solution with both the right value ...Fourth Grade Worksheets Beyond Measure Math and science come together in this collection of engaging, teacher created measurement worksheets that will help your fourth grader sharpen their comparison and conversion skills. 4.1 The student will a) identify orally and in writing the place value for each digit in a whole number expressed through millions; b) compare two whole numbers expressed through millions, using symbols ($>$, $<$, or $=$); and c) round whole numbers expressed through millions to the nearest thousand, ten thousand, and hundred thousand.
