Rewriting The Laws Of Financial Instruments

Repo expressed as mathematical formula. A repurchase agreement, also known as a repo, RP, or sale and repurchase agreement, is a transaction concluded on a deal date t_D between two parties A and B: (i) A will on the near date sell a specified security S at an agreed price P_N to B (ii) A will on the far date t_F (after t_N) repurchase S from B at a price P_F which is already pre-agreed on ...The tendency of the rate of profit to fall (TRPF) is a hypothesis in economics and political economy, most famously expounded by Karl Marx in chapter 13 of Capital, Volume III. Economists as diverse as Adam Smith, John Stuart Mill, David Ricardo and Stanley Jevons referred explicitly to the TRPF as an empirical phenomenon that demanded further theoretical explanation, yet they each differed as ...
