

Download Study Guide For Vascular Intervention Registry

Journal of Vascular Surgery® is dedicated to the science and art of vascular surgery and aims to be the premier international journal of medical, endovascular and surgical care of vascular diseases. Since the first issue was released in 1984, the goal of the journal has been to improve the management of patients with vascular diseases by publishing relevant papers that report important ...The ESVS supports your professional development and has made a great effort to organise and run vascular workshops all over Europe, on a wide variety of topics, and with small class sizes allowing group interaction and individualised learning. Background Peripheral vascular disease (PVD) stems from restriction of blood flow in vessels that lead to the extremities (i.e., arms and legs) as well as internal organs (e.g., kidney and stomach). We are a not-for-profit professional medical society, composed primarily of vascular surgeons, that seeks to advance excellence and innovation in vascular health through education, advocacy, research, and public awareness.
