This article needs additional citations for verification. Please help improve this article by adding citations to reliable sources. Unsourced material may be challenged and removed. November 2018) (Learn how and when to remove this template message) This is a list of automobile engines developed and sold by the Suzuki Motor Corporation. Suzuki is unusual in never having made a pushrod automobile engine, and in having depended on two-strokes for longer than most. Their first four-stroke engine was the SOHC F8A, which appeared in 1977. Suzuki continued to offer a two-stroke engine in an automotive application for a considerably longer time ...
