National Geographic stories take you on a journey that's always enlightening, often surprising, and unfailingly fascinating. Human papillomavirus infection (HPV infection) is an infection by human papillomavirus (HPV). Most HPV infections cause no symptoms and resolve spontaneously. In some people, an HPV infection persists and results in warts or precancerous lesions. The precancerous lesions increase the risk of cancer of the cervix, vulva, vagina, penis, anus, mouth, or throat. This is a list of notable accidents and incidents involving military aircraft at Pope air base grouped by the year in which the accident or incident occurred. Not all of the aircraft were in operation at the time. For more exhaustive lists, see the Aircraft Crash Record Office or the Air Safety Network or the Dutch Scramble Website Brush and Dustpan Database. You have to enable javascript in your browser to use an application built with Vaadin.
