Class 9

Our company is commercializing miniature mass spectrometer technology first developed for the International Space Station (ISS). The 1st Detect Miniature Chemical Detector is a broadband detector capable of detecting residues and vapors from explosives, chemical warfare agents, toxic chemicals, food and beverage contamination, illicit drugs and pollution. PubMed comprises more than 29 million citations for biomedical literature from MEDLINE, life science journals, and online books. Citations may include links to full-text content from PubMed Central and publisher web sites. Open Access journals are the major source of knowledge for young and aspiring generations who are keen in pursuing a career in sciences. This system provides easy access to networks of scientific journals. Authors that contribute their scholarly works to Open Access journals gain remarkable reputation as the research scholarly explore these works extensively.
