Hi Everybody, I am new to the group hope everyone has a good new year. My question is I have just bought a used VX110 deluxe with 10 hours on the engine. I know that I need to change the oil at ten hours. What I am wondering about is what kind of oil is best to use. The manual says to use Yamalube 4-M 10w30 but I notice some of the posts say to use Valvoline 10w40. Odyssey AGM battery product specifications.
